

2019 Supportive Housing Summit Sponsorship & Marketing Opportunities

The Supportive Housing Summit (Summit) is the **only** Florida statewide annual conference devoted exclusively to increasing affordable housing with quality wraparound supports for people with special needs or experiencing homelessness. The Summit is specifically designed to bring together stakeholders interested in developing, managing, funding, and supporting supportive housing.

We all know supportive housing is a community commitment. We all need to play a role to make this happen. What will your role be?

Being a sponsor gives you the opportunity to partner with us to bring supportive housing to scale in Florida and to help us advance our vision that all Floridians should be able to live, work, and prosper in the community of choice with the supports they need.

The Summit sponsorships offers you a variety of choices to best show your product. Last year's sponsors commented on how valuable the networking was to their businesses and their understanding of the importance of supportive housing.

Please partner with us to rebuild the lives of Florida's most vulnerable citizens.
